

GUTHRIE SCHOOL

CONTACT US TO BOOK A PERSONALIZED TOUR

WE UNDERSTAND MILITARY FAMILIES

Our school is located on the base and a large percentage of our students are military. We understand military families face unique challenges, and we offer various supports and flexibility, when needed, to help military children transition successfully and thrive.

WE HAVE GREAT EARLY EDUCATION PROGRAMS

We are proud to offer the highly-regarded Headstart program to preschool children who require support for speech, fine motor and/or social skills. Our kindergarten program runs five days per week in either the morning (8:50 - 11:30am) or the afternoon (12:35 - 3:15pm).

WE OFFER ENGLISH IMMERSION OPPORTUNITIES

We help non-English speaking students learn a new language. We are physically attached to the military language school and offer interpreters for students when needed.

WE ARE STEEPED IN TRADITION AND VALUES

As a school, we have a strong, traditional value system that is very thoughtfully woven into our programming and everyday interactions with students and families.

WE ENCOURAGE STUDENT LEADERSHIP

In many ways, our school is led by the students. Allowing them to voice their thoughts, mentor one another, and manage certain school activities helps them develop as confident, responsible, helpful citizens.

WE ARE CONNECTED IN THE COMMUNITY

We have strong partnerships with the Military Family Resource Centre, which offers before and after school care, and the military base, which offers a swimming pool, rock climbing wall, skating rink, golf facilities and more.

WE ARE WELCOMING AND ACCEPTING

We welcome new students with open arms and work hard to help them integrate with ease. We are a cohesive school that accepts and embraces families from all walks of life.

WE ARE A REGGIO EMILIA INSPIRED SCHOOL

From kindergarten to grade 3, we offer a wide variety of learning spaces, plenty of natural light, elements of nature and more. Our students are challenged to pursue their own learning interests.
